UPDATE: VS*/DL Premium Economy - Domestic

We would like to let you know that customers travelling in Premium Economy to the USA, Canada and Mexico who have onward connections with Delta (DL) will be offered Delta Comfort+ on US domestic flights, similar to the VS Premium Economy service.

This will be available on almost all DL domestic operations from 16 May 2016 except routes operated by the CRJ aircraft.

With the implementation of this new service we will be updating how we map our classes, we will now use W for the DL domestic flights as per table below.

Should W class be unavailable you can still book on the original classes:-
